APPLICATIONS

- Schools & Educational Institutes
- Mechanical Field
- Aerospace Field

Hi Smart 600*600*1000

Industrial grade 3D Printer

FEATURES

- Power-coated Steel, Aluminum Casting for Motion Components
- Pause Printing when filament run out
- Smoothly running diive-chain
- Biaxial design - strong support
- Full-color LCD touch screen & Humanized operation
- Save data when power is off

PRINTING

Printing Technology	FDM
Printing Size	600*600*1000mm
Printing speed	150mm/s
Precision	0.05mm
Layer thickness	0.05-03mm
Nozzle Diameter	0.4mm
Chamber temperature	32°C
Extruder temperature	260°C
Working Mode	USB
Supported File	STL, OBJ

SOFTWARE & ELECTRICAL

Power Supply	AC100v-AC240v 50Hz/60Hz
Filaments	PLA/ABS/WOOD/TPU
Filament diameter	1.75mm
Display	3.2 inch Touch screen
Software	Cura
File format	GCO, GCODE
Operating systems	Windows, Linux, MAC

MECHANICAL & DIMENSIONS

Extruder Quantity	Singal
Package Size	1110*1070*1476mm
