- Small Business
- Hobbyists

# Laser Engraver Kit

**High Power, Easy to use**

## FEATURES

- Convenient Installation
- Cooling DC Fan
- Low power
- Low noise
- Energy saving and Environment protection
- Compact size
- Multi angle installation

## Product parameters:

Wavelength: 405NM (Blue)

Idemitsu form: dot

Power: correspondence course 500mW

Lens Material: dedicated optical coated glass

Operating voltage: 12V (DC)

Cooling: Forced air

Working current: 2100mA

Shell material: aluminum anodized black

Input: 2.1 / 5.5 DC seat

## Package Included:
