FLASHFORGE GUIDER IIS

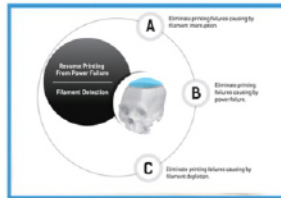

MASSIVE INDUSTRIAL-GRADE 3D PRINTER

Large Volume, High Performance

FEATURES

- **Full Color Touch Screen**
- **Patented Assisted Levelling for improved accuracy**
- **Print larger model with large build volume**
- **Built-in Camera / Polar Cloud Enabled**
- **Innovative Extruder System**
- **Heatable Build Plate**
- **Resumes interrupted print jobs**

PRINTING

Printing Technology	FFF
Max. Build Volume	280L × 250W × 300H mm
Positioning Accuracy	Z:0.0025mm , XY: 0.011mm
Printing Accuracy	+/- 0.1 - 0.2 mm
Layer Thickness	0.5- 0.4mm
Nozzle Diameter	0.4 mm
Heat Bed	Yes
Power	100V-240V~,500W

SOFTWARE & ELECTRICAL

Printing Software	FlashPrint
File Type	STL, OBJ, 3MF, FPP, JPB, BMP, PNG
Operating Systems	Windows XP, Vista, Linux, Windows 7/8/10, Mac OS
Input Support	USB Cable, USB Stick, WiFi Ethernet Connection
Software Language	Supports Multi-Language
Compatible Software	Slic3r, Skeinforge, Cura
Operation Manual	in SD Card / Quick Start Guide

MECHANICAL & DIMENSIONS

Extruder Quantity	Single
Product Dimension	549W × 490L × 561H mm
