LCD RESIN 3D PRINTER

Comprehensive Leading industrial design

FEATURES

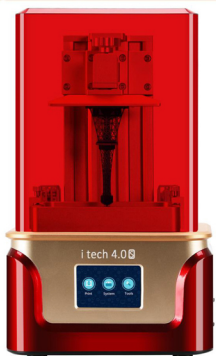

- Unique Z-axis dual Linear rail, Double- slider fixed
- High-Strength tempered glass
- Upgraded air filtration system
- Use Castable & Uncastable Resin
- High Precision
- Fast slicing, Fast printing
- Plastic alloy casing & acrylic cover

Technical Specification

Printing Technology	LCD	Operation	3.5-inch c color TFT Screen
Machine Size	245x230x420mm	Connectivity	USB pen drive
Max. Build Volume	115x65x150mm	Suggested Layer Thickness	0.01-0.2mm
XY Resolution	0.047mm	Suggested Print Speed	20mm/h
Z axis Accuracy	0.00125mm	Rated Power	50W
Light Source	405nm LED		

Packing List

Print Platform 1PC	Resin vat 1PC	Mask 1PC	Gloves 3Pairs	Funnel 10PCS	User Manual 1PC
USB pen drive 1PC	250g Resin 1PC	Scraper 1PC	Tool kit 1unit	Extra FEP film 1PC	Power adaptor/Power cord 1unit
